UJEH

Colorado State University Archives

August 9, 2022

This is a temporary document. It lists archival materials as they were found when they arrived at CSU Libraries Archives and Special Collections. The materials listed have not been fully organized and inventoried. This document has been made available to extend access to a larger amount of archival material than would otherwise be available. Box numbers and material order may change in the future.

For assistance, email library_dl_specialcollections@mail.colostate.edu
or call 970.491.1844.

LIBRARIES
COLORADO STATE UNIVERSITY

UJEH – Papers of James E. Hansen II

Preliminary Inventory – January 2, 2008- CMM, updated August 22, 2018 & August 9, 2022 CJT

This collection contains **confidential** materials. **Confidential** materials include graded student papers, employee search committee materials, student reviews of professors, and other materials. The majority of these materials are located in the first eight boxes. While restricted folders have been noted in this inventory with “**RESTRICTED**”, until the collection is processed thoroughly, each folder must be checked by a staff member before permitting access to patrons.

Folder titles were typed exactly as found. Many abbreviations were used, so be cautious when searching the electronic document quickly for materials. Also, because Hansen had multiple student assistants during his research for *Democracy's University*, there are inconsistencies between style and abbreviations of the folder titles. Not all brackets were provided by the archivist at the time of inventory. Handwriting on folders was not always clear, there are some questions regarding titles.

Accession 2007036
